

JEALOUS JAPANESE MURDERS HIS WIFE

FIFTEEN ARE BADLY HURT

Accident in Los Angeles, Two
Victims of Which Prob-
ably Will Die.

LOS ANGELES, Aug. 13.—A collision between two cars of the Redondo-Los Angeles electric lines shortly after 8 o'clock this morning south of the city, just outside of the corporate limits, resulted in the injury of fifteen passengers, several of whom are seriously hurt, and two of them, it is believed, will die.

THE INJURED.

Following is a list of the injured:

J. F. Knepper, tourist, internally injured, may die.
Mrs. Rosena Jones, right shoulder broken.
E. Williams, contusion of the back and abrasion left leg.
O. H. Smart, school boy, leg caught between two seats and crushed.

INTERNALLY HURT.

E. H. Shirley, injured about head and internally.
E. McKenzie, motorman car No. 19, cut above right eye and leg injured.

J. Stitt, right leg believed to be broken.
Guy Monroe, nose broken and cut above right eye.
R. Smart, cut over right eye with barbed wire of right of way fence, and left arm badly bruised.

NEWSPAPER MAN CAUGHT.

Robert Bell, advertising manager Herald, left arm and left leg injured.

J. W. Dunn, of Meneta, cut above right eye.
C. E. Monroe, right shoulder broken laceration above right eye.
J. H. Deal, leg injured, neck strained.
J. H. Simpkins, left wrist fractured, abrasion left temple.

FROM LOS ANGELES.

All of the injured, with two exceptions, were from this city. The accident was caused by a misunderstanding of orders.

TELESCOPED.

The wreck occurred at Figueroa and Forty-eighth streets and was a head-on collision. The front ends of both cars were telescoped and the passengers thrown in every direction. Scarcely a person on board escaped injury of some sort. At this point there is a switch and one of the cars was expected to take it. Both proceeded, however, on the main line. The incoming car was going at a high rate of speed but the car bound to the beach was not running over ten miles an hour.

TRIED TO STOP.

When a collision was seen to be inevitable, the motormen of the two cars endeavored to stop, but only succeeded in slightly reducing the speed before the crash came. After the accident each motorman insisted he had the right of way. J. M. Dunn, who was among the injured, saw the collision coming and jumped, but alighted in the wire fence that borders the track and was badly cut in several places.

SEVEN POLICEMEN MURDERED IN RUSSIA

ST. PETERSBURG, AUG. 13.—LAST NIGHT THREE POLICEMEN WERE MURDERED IN ST. PETERSBURG, ONE IN MOSCOW AND THREE IN KAZAN.

CORONER'S JURY VERDICT IS SUICIDE.

The coroner's jury which sat in the inquest into the death of Charles H. Bishop, the prominent Elk whose dead body was found in East Oakland sev-

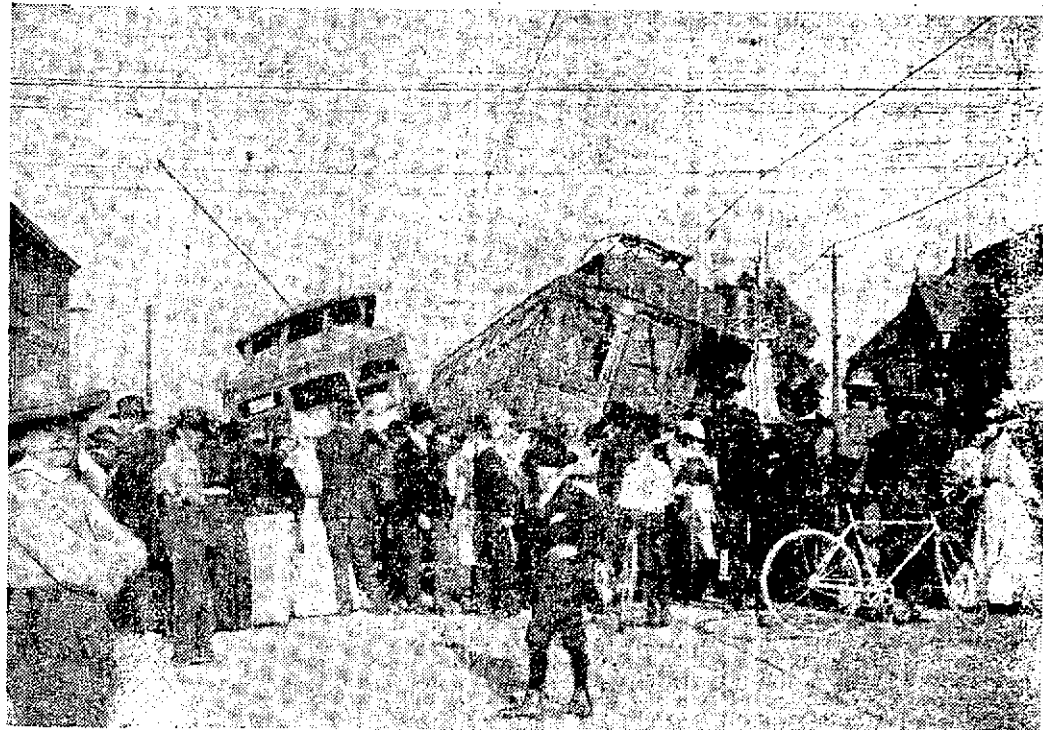

eral days ago, returned a verdict yesterday morning that the deceased came to his death by a gunshot wound, self-inflicted. The testimony of G. D. Freeth, an old-time friend of the suicide, showed conclusively that Bishop had determined to end his life, owing to illness and despondency.

CUNNINGHAM IS IN LOCAL HOSPITAL

Arthur Cunningham, the well-known singer at Idora park, was taken seriously ill Saturday, being threatened with pneumonia. He was hurried to a sanitarium, where he is now under the care of a physician. At noon today his condition was a little improved, although it is feared that he will require careful nursing in order to bring him through his serious illness.

Cunningham is very popular with the public at Idora park and when he did not appear on the program Saturday afternoon and evening there was much inquiry as to the cause of his absence on the part of patrons of the park.

Manager Pilling was seen by a TRIBUNE reporter this morning, and stated that he called on Mr. Cunningham today and found that his condition was greatly improved. Mr. Pilling said that he was receiving the best attention at the sanitarium and that he had hopes that Cunningham will be able to appear in Robin Hood. From the present indications there is no doubt but what Cunningham will be able to appear in the role cast for him in the next opera.

KEY TRAIN RUNS INTO A CAR

Sensational Wreck Occurs
at the Fortieth-Street
Crossing.

A terrible accident, in which many people narrowly escaped being killed outright, and in which 120 were more or less injured, occurred at 4:45 o'clock yesterday afternoon, when the Key Route local train, bound for the Emeryville pier crashed into the south bound Telegraph avenue car No. 266, at the intersection of Telegraph avenue and Fortieth street, tearing its way just in the rear of the front platform, and dragging the car a distance of fifty feet. It was nothing less than a miracle that the motorman and several others in that part of the car were not instantly killed. As it was Motorman W. A. Pitman and twenty-three others were seriously injured, several of whom may die.

CLOSED CAR.

The Telegraph car, which was of the closed-in kind was making its return trip from Berkeley. At Idora park it took on a crowd of men, women and children, who had been enjoying an afternoon at that place. The car was literally jammed, every available spot in it being occupied.

Running at a fair rate of speed, it approached the Fortieth street crossing.

The car was equipped with an air brake, and Motorman Pitman made no attempt to check its progress until it was within about two lengths of the crossing, as the air brakes respond very quickly.

BRAKES DID NOT WORK.

The Key Route car came rushing in, and Pitman applied the brakes, but to his horror they did not act, and the car did not slacken in speed. Realizing instantly the danger impending, he pulled at the handbrake, but too late, the train was upon him, and the laughter and jokes which had just been heard were changed to groans and cries of horror.

The passengers had not been warned of the danger until the train was upon them. Some were hurled through the windows, everyone of which was shattered, others were thrown into the aisles and trampled upon, and Motorman Pitman was pinned under the Key Route train for over twenty minutes.

LIFTED OFF TRACK.

The force with which the Key Route train struck the car, partially turning it over on its left side, and lifting the first

COLLISION OF THE TELEGRAPH AVENUE AND KEY ROUTE TRAIN YESTERDAY AFTERNOON.

From photographs taken at the scene for THE TRIBUNE after the accident.

car of the Key Route train off its tracks completely obstructing the east, as well as west bound tracks.

As the steel buffer of the motor car struck the trolley car, the passengers jumped from their seats panic stricken. Motorman Al Broder of the Key Route locked the air brakes of his train and attempted to stop by throwing the full strength of his powerful motors into the reverse, but the headway of the train was too great, and he could not even break the force of the collision.

REMAINED AT POST.

He made no attempt to escape from the platform of his car, but stuck to his post and was still trying to bring the train to a stop when the cars met. He was hurled forward by the shock of the collision and struck the window in front of his controller. The glass was broken, but Broder was not badly injured. The moment that his train was brought to a halt he joined in the work of rescuing the injured.

DESPATCH AMBULANCES.

As soon as the police and fire departments were notified a squad of officers was hurried to the scene, and a number of ambulances from the Providence and Fabiola hospitals and the East Bay sanitarium were dispatched for the injured. One of the hook and ladder trucks of the fire department responded to the call for aid, and the firemen rendered all the assistance in their power in removing the injured from the wreck.

Seeing that the number of injured was too large to be transported to the hospitals in the ambulances, several automobiles were pressed into service, the owners gladly offering whatever aid they could.

None of the passengers on the Key Route train were injured, though they were thrown from their seats and shaken up when the train crashed into the car. The train was in charge of Motorman Al Broder and Conductor W. Noone.

WAS FALSE TO HUSBAND

Finds Her With Another
Man and Deliberately
Shoots Her Down.

SAN FRANCISCO, Aug. 13.—Acting on the "unwritten law," which is never disputed in Japan, M. Kudo, a rich Alaskan miner, shot and fatally wounded his wife, Mura Yamada, early this morning at 12 Middle street. The house at that number is a hive of Orientals, and a squad of police was required to surround the place and arrest the murderer.

Kudo has rich mines in the Yukon

rive and left before the fire on a trip to the north to look after his interests there. Hearing of the calamity and so-felicitous for the safety of his family, he hurried south to come for the portly wife he left in comfort here. But there was no welcome home to the anxious husband. He could find no trace of house, property, or wife. Hurrying from place to place in the Japanese colony, he soon heard the story of his wife's faithlessness. Learning where she was living in open association with another Japanese, he got a revolver and coolly took up the trail. At 1 o'clock this morning he found the room-ery on Middle street and the room occupied by Mura Yamada and her paramour. Demanding entrance, he was met with abuse, and his wife slammed and locked the door in his face. Kicking in the lock, Kudo entered, weapon in hand, and shot the woman down without further parley.

The case was not reported from the Central Emergency hospital, where the dying woman was taken, until several hours later. Then Corporal Morrissey was given a large squad of police and by half past four had his man under arrest.

At the hospital it was found that the woman was shot in the abdomen. The attending surgeons pronounced the case hopeless, and said the victim could not possibly survive through the day. Kudo made no attempt to deny that he deliberately killed his wife. The police took into custody Yama Komakuro and Take Masuka, a Japanese woman, as material witnesses.

HEARS SON IS KILLED

BERKELEY, Aug. 13.—Professor G. E. Colby, assistant professor of agricultural chemistry at the University of California, received a telegram this morning that his son, Russ, a boy of about fourteen years of age, was drowned in the Truckee river while he and his brother were on a fishing trip. The telegram was very meagre, and only stated that the two boys had become separated, and the youngest had been drowned while trying to find his older brother, Walter.

The boys left for Truckee on a fishing trip some two weeks ago. From the letters that have been received, the boys have had a fine time, and everything went along smoothly. Early this morning a telegram was received saying that Russ was lost, and could not be found anywhere. A J. the rivers in the vicinity are being dredged for the missing boy.

It is believed that the boy, enthusiastic over fishing for trout, had wandered out beyond his depth, and was carried away by the rushing waters. His mother, at her home on Claremont avenue, is prostrated by the news. Professor Colby left on the early train this morning for Truckee.

GIVES SULTAN -MEDICINE; IS MADE GENERAL

★ ★ ★ ★ ★ CONSTANTINOPLE, Aug. ★
★ 13.—It is stated that the Sultan ★
★ passed a good night, and that ★
★ his condition this morning is ★
★ somewhat improved. His reluc- ★
★ tance to submit to treatment ★
★ has hitherto complicated the ★
★ situation, but one of the palace ★
★ doctors has induced him to al- ★
★ low the use of a simple appli- ★
★ cation which gave immediate re- ★
★ lief. The doctor, in recognition ★
★ of his services, has been pro- ★
★ moted to the rank of general. ★
★ ★ ★ ★ ★

TWENTY-FOUR INJURED

★ JAMES ST. JOHN, fatally injured; left arm broken, right ankle
★ broken, contusion on right knee and numerous deep cuts about the
★ face. Possible internal injuries.
★ WILLIAM A. PITMAN, 843 Fifty-fourth street, Oakland; motor-
★ man on Telegraph avenue car; leg injured, severe cuts and bruises
★ about the head and body, hole through upper lip.
★ EZRA HICKMAN, conductor on electric car; thrown from car
★ and badly bruised.
★ F. E. DILLON, Los Angeles, baseball player; cut severely in
★ head.
★ GEORGE L. WHEELER, 416 Sixty-fifth street, Oakland, base-
★ ball player; hand cut.
★ EDITH PARKER, 1323 Eleventh avenue, Oakland; bruised.
★ ARTHUR B. OLSEN, 662 1/2 Sycamore street, Oakland; severely
★ cut.
★ MRS. HENRY DISMALL, 864 Union street, Oakland; arm broken.
★ R. E. ROSE, 2253 San Antonio avenue, Alameda; arm broken.
★ T. C. CHENEY, Point Richmond; nose broken.
★ AL BRODER, motorman on Key Route; cut and bruised.
★ MISS MARGARET WELCH, Webster street, Oakland; cut and
★ bruised.
★ MISS MARGARET THRALL, 1452 Carolina street, Alameda;
★ bruised.
★ MRS. F. C. THRALL, same address; bruised.
★ MRS. F. BURTON, Carolina and Eighteenth streets, San Fran-
★ cisco; cut in neck, necessitating seven stitches. Husband and son with
★ her not injured.
★ MISS LAURA ALLEN, 1762 Fifth street, Oakland; injured about
★ head and body.
★ MISS TESSIE WEMMER, 1766 Fifth street, Oakland; slightly in-
★ jured about the body.
★ MISS TESSIE WILLIAMS, 215 Sixth street, Oakland; side injured
★ and bruised about the head.
★ L. BLUM, 347 Madison street, Oakland; two ribs fractured, con-
★ tused elbow. Taken to Providence Sanitarium.
★ GEORGE S. HODSON, umpire of the California Baseball League,
★ thrown twenty feet from car through the open window of the waiting
★ station; badly bruised.
★ MISS EDNA RADFORD, 2533 Folsom street, San Francisco; bad-
★ ly cut and bruised.
★ MRS. JAMES RADFORD, same address; bruised.
★ ALBERT LAUBERG, 636 Central avenue, Alameda; slightly in-
★ jured.
★ G. W. SPARKS, 921 Broadway; nose broken, cut in forehead,
★ legs and shoulders injured.

AERONAUTS HAVE FALL

Balloon Catches Fire and Two Men Drop to the Ground.

NEW YORK, Aug. 13.—(Willie Ellingquist, thirty-eight years old, of Brooklyn, and Joseph Moss, twenty-four, of Williamsburg, professional aeronauts, were severely injured by burns and contusions from falling from a balloon at Flatbush last night.

For several weeks they have been making ascensions and doing parachute stunts for an amusement concern at Bergen Point. Seeking to vary the attraction, it had been advertised that they would make an ascension from Flatbush last night, and try to land near the show grounds at Bergen Point. They used a large hot-air balloon, and a great crowd assembled to witness the start to the clouds.

The big bag shot into the air with the two performers waving their hats from the basket. When it reached an altitude of about 200 feet there was a short report, a sudden jerking of the balloon sideways, and a shout of terror from the aeronauts.

FLAMES BURST FORTH.

A small flame was seen to curl out on one side of the balloon, and puffs of smoke began to envelop it, and then the bulky thing commenced to settle rapidly. Three thousand throats on the ground uttered exclamations of horror as the balloon gained momentum in its descent. The flames grew brighter, the bag began to waver and then it seemed to collapse when about fifty feet from the ground and settled down, a mass of smoke and fire. Both men clung to the burning basket until they were near the ground. Moss had climbed on the outside and hung by his hand, but Ellingquist remained in the basket with his head bent forward, trying to escape the fiery dragons.

BOTH UNCONSCIOUS.

When the flaming mass of cotton and ropes struck the ground fifty men spring forward and dragged the men from their perilous position. Both were unconscious. Moss had dropped about twenty feet, but the other man held on and fell with the basket. An ambulance was summoned, but it was found that Moss had suffered severe injuries internally and both were critically burned.

LUNCH WITH ROOSEVELT.

OSTER BAY, Aug. 13.—President Roosevelt entertained at luncheon today Representative James S. Sherman, chairman of the Republican congressional committee, Chairman Shoup of the National Council Commission and Joseph H. Bishop, secretary of the canal commission.

DOCTOR PROTESTS

Victim of Auto Crusade Remonstrates With Judge.

The many arrests of San Francisco automobilists that have been made by the police of this city have roused a storm of protest among the owners of the chugging wagons across the bay. Cries of "arrest" on the part of the local police and discrimination in picking out visitors to the city are being made.

The following self-explanatory letter from Dr. Morris Hertzstein of 2118 Pacific avenue, San Francisco, voices the protest of many San Franciscans:

August 12, 1926.

To the Honorable Judge of the Police Court, Oakland, Cal., My Dear Sir: "My professional duties not permitting, I would appear personally to enter protest at having my driver and automobile held up while in the pursuit of my urgent calls on your side of the bay. I was not in Oakland for pleasure, but to call on a seriously ill patient, a temporary resident of Oakland, 1211 24th avenue, and was returning to the ferry, running at the ordinary speed. I use automobiles constantly, and, being a law-abiding citizen, have never permitted any of the city ordinances against fast driving to be willfully disobeyed. Still, when in haste on a serious call, there never has been any objection to driving at a greater speed than usual.

However, on the occasion for which I was fined in your city I was driving at the side of an electric car and going at no greater speed than the car, consequently I was not driving too fast. Unfortunately I have been compelled to drive in all the bay cities, taking care of patients, since the recent disaster, and it has always been customary to make concessions to physicians, though no concession was necessary in this case. Therefore I emphatically protest against being stopped and, further, to a fine being levied upon a member of the medical profession whose car was making the same speed as your own electric car and whose time was greatly interfered with after leaving one serious case to go to another.

Thanking you for your courtesy in dismissing Mr. Dennick at the earliest possible moment so that he can return to his duties, I am, very respectfully yours, MORRIS HERTZSTEIN, M. D.

Dennick's case went over until tomorrow, when he will enter his plea.

JUDGE SPEAKS.

Police Judge Samuel, in commenting upon this complaint, said this morning that he did not believe the fines imposed were excessive. He says that the automobile owners do not seem to take into consideration the fact that pedestrians have some rights in the matter.

The arrests were continued yesterday and many more chauffeurs were compelled to drive their machines to the police station and leave their description and \$25 bail.

MORE ARRESTED.

Those arrested yesterday, and the disposition of their cases, were as follows: G. D. Brown, August 13, to plead; D. H. Gray, \$10 bail forfeited; C. J. Waycott, \$10 bail forfeited; S. D. Hastings, August 17 to plead; D. C. McCord, August 14 to plead; J. A. Lockhardt, fined \$10; L. A. Moore, \$10 bail forfeited; J. E. Porter, fined \$10; L. C. Andrews, August 15 to plead; L. D. Lane, August 14 to plead; J. A. Black, fined \$10; Louis Norandini, August 14 to plead; F. A. White, fined \$10; J. C. Handy, August 14 to plead; J. Hamilton, August 14 to plead; George Dennick, August 14 to plead; A. H. Simpson, August 16 to plead; Christian Plough, August 14 to plead.

Chief of Police Wilson asserts that the arrests will continue until such time as the automobilists speed their machines in accordance with the law.

He has four policemen especially detailed to make the arrests. They mark out a certain section, and with stop-watches time the speed of the auto over this course. The arrest follows if it is found that the speed exceeds that allowed by the law.

BALL HITS PITCHER; DIES NEXT DAY

WORCESTER, Mass., Aug. 13.—George Lee, pitcher for the Lawrence baseball team, is dead as the result of a red-hot liner striking him just over the heart in a game with the Worcester team here yesterday.

Lee was pitching in the "six half of the fifth inning. He pitched a low and slow ball, and Joe Knott, of Worcester, knotted it out straight across the diamond. Lee saw it coming, but it was too fast for him. Before he had his hands in position the ball struck him just over the heart.

As he fell, writhing in agony, the ball bounced back to his own hands, and he held it. He was taken to the hospital and the game was continued, the umpire, Charles Knott, out and crediting the putout to Lee.

Lee died last night.

BOOSTER CLUB TO HOLD BIG PICNIC.

Everything is in readiness for the Booster Club picnic, which is to be held at San Lorenzo Grove on next Sunday. The Oakland Traction Company will have plenty of cars for that day to accommodate the large number who will certainly attend as the Boosters constitute the most prominent young men of West Oakland.

The committee has been working faithfully for the past few weeks arranging for the games, prizes, music and refreshments, so that the friends who attend will have every comfort extended to them.

It is the aim of this club, which has a limited membership of twenty, to be able to fit up quarters in West Oakland along the school of the Alhambra and other clubs. It was formed about six months ago and had its initial ball at Hovey's Hall two months ago, which was one of the biggest affairs of the season.

San Lorenzo Park is situated on a convenient site and will be the day there with the Boosters. There will be no liquor sold on or near the grounds. The refreshments will consist wholly of temperance beverages.

Dancing will be the chief amusement and the pavilion has been put in excellent shape and a fine orchestra engaged.

The officers and members, under the leadership of the president, John C. Hayes, will do everything possible to help those who attend to enjoy themselves to their entire satisfaction. The admission has been placed at 25 cents.

COLLEGE TO BE BUILT HERE.

Prof. E. P. HEALD.

Oakland to Have Great Commercial School As Result of Recent Important Negotiations.

A movement which contemplates greater scope in commercial education than has ever been attempted on the Pacific Coast, has been launched and now thoroughly organized by Professor E. P. Heald, of business college fame throughout the coast. As a result of this movement Oakland will be in a position to boast, before the first of the new year, a business college unequalled in equipment and appointments. A handsome, reinforced steel and brick structure, its being located at the northeast corner of Sixteenth street and San Pablo avenue, to house the Oakland branch of what will be known as the Heald Associated Colleges, comprising a chain of schools in all the principal cities of California, Washington and Oregon.

The plans of the architect call for the most approved arrangement of school appointments and accommodations. Assembly halls, lecture rooms, recitation rooms, shops, etc., will be equipped according to the latest ideas; no expense, it is announced, will be spared to make the building handsome, not only without, but within. The heating and ventilating apparatus to be installed is to be perfect and in every way suited to the demands of a great commercial college.

The faculty which will have charge of the local branch is composed of those instructors best equipped in specialties of business practice. Aside from those imported from the East, the faculty of Dixon Business College of this city will be among the body. This school will add greatly to Oakland's present popularity as an educational center, and the building itself will be an eloquent testimonial of Professor Heald's confidence in the future of Oakland.

Professor Heald, a graduate of Bowdoin College, entered the field of commercial education forty-three years ago, and his first institution was one of the famous Bryant, & Stratton schools, which were scattered all over the United States. From that time until the present Heald's Business College has gained in popularity, and the present plan of the able founder and his associates has met with unqualified success.

The plans of the excavation for the new structure is completed, and from now on a large force of men will be kept steadily at the work until the building is ready for occupancy. Orders for the items of equipment, consisting of typewriters, office and bank fixtures, study desks and shop materials, are now being prepared and constructed in the eastern and coast factories. Pending the completion of the new Heald-Dixon College is located in the Bacon building.

MANY RATTLERS

BACK UP STORY

CLEARFIELD, Pa., Aug. 13.—With a half bushel of snake rattles to substantiate their assertions, John Hensel and Scott Hileman, employed on a railroad contract in Jefferson county at a point known locally as "Rattlesnake Den," while in Clearfield this week, declared that the poisonous reptiles are so numerous in that vicinity that their ceaseless rattling resembles the buzzing of numberless locusts. Blasting has stirred them from their lairs.

Great difficulty has been experienced in getting men to work on the job on account of the incessant rattling. In the morning when the hay was moved it disclosed twenty-five rattlers, which were dispatched by the snake killer.

Legs of horses are bound with a material that cannot be penetrated by the reptiles, and workmen wear shields on their legs and arms. Among the half bushel of souvenirs were many that contained as many as eighteen rattlers.

Rug House Opens Again

Eighteen years ago no store was carrying oriental rugs on the coast. Mr. M. D. Mirhan was the first importer and is rightly called the "Father of the Oriental Rug." His unique store was burned at 205 Post street, San Francisco, and many beautiful rugs went up in the flames. His faith in San Francisco is not shaken and he has organized a new company who now represents a large rug concern of the Orient, and Mirhan has begun his great series of auction sales at 1650 California street near Van Ness avenue. The Oakland people know Mirhan's goods are bona fide.

LIGHTING OF THOROUGHFARES

Supervisors Postpone Question of Placing Lights on Fruitvale Avenue.

At the meeting of the board of supervisors this morning, Messrs. Horner, Mitchell and Kelly were present. Messrs. Rowe and Talcott were absent.

The matter of the lighting by electricity of Fruitvale avenue at the expense of the county was continued until next week, owing to the absence of Supervisors Rowe and Talcott. The same disposition was made of a similar application from residents of Elmhurst. Fruitvale was represented by W. E. Marwood and Elmhurst by W. D. Sanborn.

WANT A NEW ROAD.

A petition signed by William Du Val and others was read, asking for the building of a new road, forty feet in width, in Volcitos road district, Pleasanton township. The proposed road is to begin at the northeastern end of road No. 267, at the eastern corner of lot 34, Bachelor Rancho, and to run thence northwesterly following the present traveled road to the lands of William Du Val and P. W. Wobber.

County Surveyor E. C. Prather, Charles Trimmerham and Thomas Dearborn were appointed viewers to report as to the land which will be required for, and the cost of building, the proposed road.

EXTENSION OF CONTRACT.

The request of Hans Fugel for an extension of thirty days for the completion of the concrete bridge over Cottonwood creek in Livermore road district was granted.

A resolution was adopted asking for bids for the construction of a concrete and steel bridge on road No. 3326, sixty feet southerly from road station No. 6, near Sunol. The county surveyor's estimate of the cost was \$1100.

District Attorney Allen rendered an opinion to the effect that the claim of Harriet E. Thomas for \$318 for injuries alleged to have been sustained on May 6, 1906, by the unskillful closing of the gate on the Webster street bridge, was not a legal charge against the county of Alameda. Filed.

The requisition of Superintendent of Schools Crawford for diagrams for sixth, seventh and eighth grades was granted.

MACHINES PAID FOR.

A resolution was adopted accepting the second installment of twenty-five Dean ballot machines, and ordering \$16,250 to be paid therefor.

The application for relief of Mrs. Emma Reichert, aged forty-eight years, a resident of Livermore, was

two children, was referred to Supervisor Horner.

SALOON APPLICATIONS.

Applications for saloon licenses by William S. Santos, of Centerville, and Manuel R. Silveira, Warm Springs, were referred to the license committee.

The request of the city council for a loan of sixty ballot boxes to be used at the bond election, to be held September 4, 1906, was granted.

VON DUREN'S LICENSE.

The application of Fred Von Duren for a saloon license at the northwest corner of East Fourteenth street and Redwood road, was continued for one week. At the last meeting of the board P. J. Fisher, one of the ten nearest residents to the proposed saloon, who had signed Von Duren's application, gave notice that he desired to withdraw his name from the same. A representative of Von Duren's today said that Fisher now desired to allow his name to remain on the document.

The application of Annie and Patrick Donnellan to have an alleged double assessment canceled was referred to County Assessor Dalton. The land in question comprises twenty acres in the vicinity of Ruby Hill, near Livermore.

BOYS CATCH RATS WITH FISH HOOKS

LEWISTON, Pa., Aug. 13.—Many thousands of mice have been invented with who had captured the members of the tiny tribe, but it remained for two Lewiston lads of tender years to devise the unique scheme of fishing for rats.

Little Russell Pennacker, 9 years old, was left in the charge of his grandmother and a neighbor's boy came in to keep him company.

The boys soon noticed that a number of rats were sticking their heads out of holes in the stone wall that separates the grandmother's property from the Kishacoquillas creek.

Then the boys got their heads together and decided on going fishing for the rodents. They secured some ordinary wrapping twine, fastened poles to one end and fishhooks to the other.

Baiting their hooks with meat, they took a seat on top of the wall and dangled the tempting bite before the holes. They had scarcely settled down before two large Norway rats were dangling from the poles well hooked.

The grandmother gave the lads strong lines and before long eleven large Norway rats were hooked and killed.

Like other anglers, the boys insist that a number of the largest rats got away by breaking the lines. They expect to keep up the sport until the wall is cleared of rats.

LOCATE SON OF BANK PRESIDENT

Young Stensland, Charged With Conspiring to Wreck Chicago Bank, Found.

CHICAGO, Aug. 13.—When investigation into the affairs of the Milwaukee State bank was resumed today it was expected that Theodore Stensland, son of the missing president of the bank, would surrender on the warrant for conspiracy in which his father and Cashier Horng were included. Young Stensland, who was vice-president of the bank is accused of receiving deposits after he knew the bank to be insolvent. He was located at a downtown hotel last night.

Sommer & Kaufmann Will Not Open in Oakland

We're Too Busy in San Francisco

We beg to apologize to the people of Alameda County for disappointing them after promising to open a store in Oakland. In the past we have been favored by the people on this side of the bay with a large share of their patronage and we planned a store in Oakland for their convenience.

The store was practically finished—it was admittedly the handsomest in the West; the stock was here—the high grade of shoes for which SOMMER & KAUFMANN are noted.

Yet we can't come for we are so busy in San Francisco that we can't undertake any more and do justice to our patrons; so we sold our lease and took the stock to our two San Francisco stores, 1430 Van Ness avenue, bet. Pine and Bush streets and 1928 Fillmore street, bet. Post and Geary, where we'll be glad to see all our Alameda County friends and again serve them faithfully and efficiently as we have always tried to in the past.

We are very, very sorry for we were proud to come to Oakland, but we're just too busy.

Sommer & Kaufmann, formerly 28 Kearny St. Kaufmann's - - - formerly 832 Market St.

—now combined in two stores as—

ENROLLMENT VERY LARGE

Berkeley Schools Show Big Increase Over Attendance of Last Year.

BERKELEY, Aug. 13.—The enrollment in the different Berkeley schools, ending with last Saturday, is as follows:

Hillside.....	132
Whittier.....	336
Longfellow.....	144
McKinley.....	324
LeConte.....	512
Lincoln.....	583
Grayson.....	30
Columbus.....	287
San Pablo avenue.....	409

Total.....3337
Commercial.....72
High School annex.....1780

Total.....4689
3909—end of 1st week, 1906
3402—end of 1st mo., 1905

507 gain per year.
Concerning the outlook for the schools of Berkeley Superintendent at Schools S. D. Waterman said yesterday:

"In the Whittier school, commencing Monday, there will be nineteen, and perhaps twenty, classes. Six of these classes will have half-day sessions, three in the morning from 8 to 12 and the other three in the afternoon from 1 to 4:30 or 5 as the case may be. In the McKinley school on Monday morning there will be twenty-one, and perhaps twenty-two classes, of which eight will be half-day classes, four in the morning and four in the afternoon at the same hours as in the Whittier school. There are separate teachers for these half-day classes. This condition of things has been made necessary by the large number of pupils who are applying for admission to the grades. This is only a temporary arrangement to continue until the Elmhurst avenue school is finished and the repairs to the old high school are completed. The rooms at Alston way, which are now occupied by the high school, will then be available for other purposes.

"The patrons of the schools have always exhibited a great deal of patience when the transfer of their children has been unavoidable, and it is hoped that this patience will continue until these strenuous times are over. The arrangement of the half-day classes has been made after due consultation of the principals, superintendent and board of education, and it is thought to be the only practical remedy for the present crowded situation.

"The high school is fairly organized now, and work in earnest will begin on Monday with even more pupils from outside districts than we had last year. In fact the shortage in enrollment in the high school is due to the failure of many of last year's pupils to report. We are looking for a large increase in the enrollment in all of the schools, the high school, the commercial and the grades next week."

POST OFFICE IN NEW QUARTERS.

BERKELEY, Aug. 13.—A week from today the Berkeley postoffice will be in its new quarters in the Morse block at the corner of Shattuck avenue and Bancroft way. All the furniture is being installed.

Included in the new fittings are entirely new postoffice lock boxes of the latest pattern. The holders of boxes at the present location of the postoffice will have the same box numbers. Their keys will be exchanged for the new boxes when the new office is opened.

There will be 7200 square feet of floor space in the new office. The main entrance will be on Shattuck avenue, while the mail will be received through an alley on Bancroft way.

MALARIA AN INSIDIOUS FOE TO HEALTH

Malaria is an atmospheric poison which we unconsciously breathe into our lungs through the impure air arising from low, marshy places, stagnant ponds, damp cellars, sewer pipes, improperly ventilated houses, decaying vegetable matter, etc. Day after day these germs and poisons are taken into the lungs, and as the blood passes through them it becomes infected with the poison and in its circulation distributes the microbes of disease to all parts of the body. Malaria is a very insidious disease; it gives no warning of its coming until the circulation is filled with the poison and this foe to health has the system at its mercy. The blood becomes polluted, thin and weak and its slow, irregular circulation fails to properly nourish and strengthen the body. Then the entire system is attacked, and if the germs and poisons of Malaria are allowed to remain the strongest constitution will break down. No one can feel well when the system is in a malarial condition; the vitality is weak, the appetite poor, digestion deranged, the complexion grows sallow and the entire body feels the effects of the poison. Malaria must be removed from the system through the circulation and the only medicine that can accomplish this is S. S. S. It not only cleanses the blood of all unhealthy, morbid matter, but destroys the germs, cures Malaria and restores this vital fluid to a strong, healthy condition. S. S. S. is made of roots, herbs and barks combining purifying and tonic properties which keep the blood free of all poisons and the system in perfect condition. While destroying the germs of Malaria and building up the weak, polluted blood S. S. S. gives tone and vigor to the entire system. Book on the blood and any medical advice without charge.

S. S. S.
PURELY VEGETABLE.

POPULAR GIRL ON A VISIT

Accomplished Daughter of Redding Capitalist Returns to See Old Friends.

BERKELEY, Aug. 13.—Miss Laura Nordyke, one of the most accomplished young women in Redding, is visiting in Berkeley.

Miss Nordyke was considered one of Redding capitalists, and is a graduate of Mill's college. While at that institution she was considered one of its

MISS LAURA NORDYKE, who has come from Redding to visit Berkeley friends.

brightest students. She has a large number of friends.

Miss Nordyke was considered one of the most beautiful and vivacious debutantes of the season. Miss Nordyke belongs to several clubs in Berkeley, and will renew her old acquaintances in the college town.

HAPPENINGS IN DECOTO SOCIETY.

DECOTO, Aug. 13.—C. Runckel was given a farewell surprise party by his many friends last Friday evening in Hibbard Hall. The evening was spent in playing games, after which refreshments were served.

The Junior 500 Club will hold its first meeting after a month's vacation Thursday evening, August 16, at the home of Miss Alice Kelley.

Mrs. J. H. Peterson and daughter, Jeanette, spent a few days in Oakland last week.

Miss Charlotte Meyer has returned home after spending a few weeks at Monterey and San Jose.

Miss Christina Anderson spent a few days with her mother, Mrs. C. E. Anderson, this week.

William B. Peterson is spending a few weeks with his parents, Mr. and Mrs. Peterson.

Miss Lottie Ferreira spent Sunday with her parents, Mr. and Mrs. T. S. Ferreira.

REMOVE CARS.

ALAMEDA, Aug. 13.—As the citizens protested to the Oakland Traction Company about the cars which were running on Santa Clara avenue, the company has removed them. Owing to the trip across the marsh to this city the cars were not desirable, as the wind is extremely chilling at times.

SOON OCCUPY NEW BUILDING

Telephone Company Will Soon Be Installed in Handsome Berkeley Structure.

BERKELEY, Aug. 13.—The new home for the telephone company on Bancroft way near Shattuck avenue is almost completed and the local telephone exchange force is making preparations to move into the new quarters. A crew of linemen is engaged in putting wires in that will connect the service with the switchboards in the new office. The operators will be removed to the new building as soon as the linemen have finished their work.

At present the electric current is kept up by dry cell batteries installed with each phone, but when the new service goes into effect the current will be generated at the exchange office and sent out over the lines from one point. This is what is known as central energy and the wires will always be charged with the same voltage. In order to keep the electricity at the same standard at all times a generator will be installed in the central office which will supply the storage battery cells with "juice." These in turn will supply the lines and the phones now in use will be replaced with other instruments, of a more recent type.

There are over 3000 telephones in use in Berkeley and when the office is moved into its new quarters there will be many changes in the service. No longer will the subscriber have the privilege of "rubbering" on the line. By a system of lights she can see when the patron calls up, she receives the number and after making the connection the "hello girl" has no further opportunity to listen to the conversation. The moment the receiver goes on the hook at either end of the line it is indicated by a light of a different color.

The most improved system of switchboards has been installed and no longer will the operator have the privilege of "rubbering" on the line. By a system of lights she can see when the patron calls up, she receives the number and after making the connection the "hello girl" has no further opportunity to listen to the conversation. The moment the receiver goes on the hook at either end of the line it is indicated by a light of a different color.

RESOLUTIONS OF GRATITUDE.

BERKELEY, Aug. 13.—The following resolutions passed by the local Christian Endeavor committee are self-explanatory:

"Whereas, the people of Berkeley very generously gave entertainment to the delegates, and offered more than was necessary, doing all to make their stay a pleasant one, therefore be it

"Resolved, That we extend special thanks to these friends for their great help and hospitality.

"Whereas, the real estate men of Berkeley very kindly gave their time and autos in taking delegates for a ride about Berkeley, therefore be it

"Resolved, That we hereby extend to these men our sincere thanks and appreciation.

"Whereas, the newspapers of Berkeley gave generously of time and space in giving notices of the convention and reports of the various sessions, and news of general interest to Endeavorers, therefore be it

"Resolved, That we express our sincere thanks for their efforts and the help thereby received.

"Whereas, President Wheeler and the board of regents of the University of California greatly assisted the convention committee by granting the free use of convention hall and Greek amphitheater, therefore be it

"Resolved, That this committee express its sincere appreciation of the generosity of President Wheeler and the board of regents.

"BERKELEY '06 C. E. COMMITTEE."

FRIENDS FETE BRIDE-TO-BE

BERKELEY, Aug. 13.—The date of the approaching marriage of two prominent Berkeleyans was announced Saturday afternoon at a linen shower given at the home of Mrs. L. E. Munro of 1410 Bonita street, North Berkeley, in honor of Miss Hattie Watkins, the bride to be. The date of the wedding of the fair Miss Watkins to Mr. Neil Munro was set for November 18.

Both of the young people are well known in Berkeley. Miss Watkins is the daughter of a rich rancher of Ramsey, Yolo county, who about four years ago came to Berkeley to make it his home, so that he could be nearer the University of California, which institution his daughters are attending. Mr. Munro is the son of Mrs. L. E. Munro of 1410 Bonita street, North Berkeley. He has been a resident of Berkeley for many years. He left the Berkeley high school some five years ago to accept a flattering position in the First National bank of the college town. Mr. Munro now has charge of the savings department of the national bank.

The linen shower yesterday was the scene of a social gathering in honor of the bride to be. Many handsome presents of all kinds were tendered Miss Watkins. Among those present to celebrate the event were: Mrs. Earnest Gregory, Mrs. R. Parish, Mrs. R. Taber, Miss Agnes Taber, Miss Nan Jewett, Mrs. L. I. Reed, Mrs. Will Squires, Mrs. Albert Watkins, Miss Pearl and Florence Watkins, Misses Annie, Mary and Lida O'Bannon, Miss Ellen Trubshaw, Gladys Adams, Miss C. Cook, Mrs. Charles Adams, Mrs. Clem Arnold, Mrs. Frank Taylor, Mrs. Elma Cole, Mrs. L. C. Breckridge, Mrs. L. E. Munro, Misses Ruth, Jesse and Loretta and Dorothy Munro, and Miss Margaret Summers.

GIRL STUDENT AT INVERNESS

Prominent Graduate Who Will Re-enter College, Passing Vacation at Resort.

BERKELEY, Aug. 13.—Miss Phoebe Binney, one of the most prominent graduates of the University of California, is now sojourning at Inverness. Professor and Mrs. F. E. Farrington, accompanied by Professor and Mrs. F. S. Winch, are chaperoning her. They are enjoying other visits at the Alpha Sigma house, where college students spend their summer.

They are to remain at Inverness several days and will then return to Berkeley.

MISS PHOEBE BINNEY, who will re-enter Berkeley for a post-graduate course.

Miss Binney will take a post graduate course at the University of California this year.

BERKELEY NIMRODS

RETURN FROM HUNT.

BERKELEY, Aug. 13.—George Bell and his brother, Golden, two of the most prominent members of the Sophomore class of the university, are the envy of their fraternity brothers and their college mates. The Bell brothers have just returned on the steamer San Jose from a shooting trip in Mexico, loaded with spoils of the chase. Besides a number of alligator hides that shows their skill with the rifle, they have their room at the Phi Kappa Psi house draped with the skins of snakes from the tropics, wild cats and other animals found in the interior of Mexico.

The college men had a fine trip, so they say. They spent three months traveling through the mountains and the wild places of the interior back of Acapulco. According to the story of George Bell they had many narrow escapes, both from the wild beasts of the region and from the hostile natives found in some sections of the country. While they were away they were the guests of B. T. Stevens, one of the holders of the largest ranch in Mexico.

"Whereas, the newspapers of Berkeley gave generously of time and space in giving notices of the convention and reports of the various sessions, and news of general interest to Endeavorers, therefore be it

CLEVER FORGER MAKES ESCAPE

Plies His Trade Successfully for Long Time and Finally Eludes Detectives.

BERKELEY, Aug. 13.—For two weeks the police of Berkeley and Oakland have been searching for the perpetrator of a series of daring forgeries, only to find, when the hiding place of their prey, Charles P. Brown, was discovered, that the clever forger had disappeared. Brown has foiled completely during the last year, not alone the police of the bay cities, but his own wife, the woman never dreaming that her husband was an adept forger, constantly carrying on his criminal plans in the community, and steadily baffling the police in their efforts to discover his whereabouts.

The woman now sits in her cottage at Hudson and College avenue, waiting for Brown's return, believing that he is "on some detective business." Brown had told his trusting wife that he is a detective, accounting with this tale for his frequent absences from home.

Brown first came to the attention of the police a year ago when he forged the name of A. H. Broad, a Berkeley contractor, to a check for \$50 on the University bank, now the Berkeley National bank. Since that time scores of worthless checks have been floated by Brown, but his work was so cunningly done that he always has been able to elude detection.

During the last few weeks, however, his operations became so bold that discovery of his identity resulted. He forged the name of F. E. Armstrong, an Oakland contractor, to a lot of checks, passing two of these, calling for \$68 and \$37 apiece, on J. Stoppenhagen, a saloonman of Oakland. A check for \$45, drawn on F. E. Armstrong, was accepted by R. Smith, an Oakland butcher. The Cave saloon, on Eleventh street in Oakland, took one of the bogus checks for \$50. Others are known to have been victimized.

Officers of the law put together the clues provided by these numerous victims, and succeeded in identifying Brown as the forger, and then, with considerable difficulty, learned where he lived. Brown's wife met them last Wednesday, when they went to the house in the guise of real estate agents and informed them that her husband was away on "detective business." Brown has not reappeared since. He is supposed to have quit the country. He leaves a wife and two little girls in destitute circumstances.

WILL GIVE LECTURE TONIGHT.

BERKELEY, Aug. 13.—One of the features of the meeting of the People's College tonight will be the lecture on the Black Napoleon by Rev. George W. White of San Francisco. This is a lecture on Toussaint L'Ouverture, the remarkable negro dictator of the island of Hayti. By many he is considered a second Napoleon on account of his genius, power and ambition. Dr. White has given this lecture on the Pacific coast. It has awakened such interest that the lecture has been repeated as many as four and five times in the same place. It was given no less than ten times in Los Angeles.

This will be the first lecture on the subject that has ever been given in Berkeley. It will take place in Lincoln Hall in South Berkeley tonight at 8 o'clock.

WALL LOSES ONE FINGER

ALAMEDA, Aug. 13.—Dr. Daniel Crosby, who is attending Carlton Wall, the young man who was injured in an automobile accident on the county road last Tuesday, stated this morning that his patient was doing very well and that no further amputations of the hand would be necessary.

One finger has been cut off and for a time it was feared that the whole hand would go. Dr. Crosby states that there is no danger now, however. Wall has been resting comfortably and will be out in three weeks should no unforeseen complications set in.

Don't Be Blue

and lose all interest when help is within reach. Herbine will make that liver perform its duties properly. J. B. Vaughn, Elba, Ala., writes: "Being a constant sufferer from constipation and a disordered liver, I have found Herbine to be the best medicine for these troubles on the market. I have used it constantly. I believe it to be the best medicine of its kind, and I wish all sufferers from these troubles to know the good Herbine has done me." Sold by Wishart's drug store, Tenth and Washington streets.

FORMER ACTRESS SOON TO MARRY

Was a Member of Alcazar Stock Company, but Has Left the Stage.

ALAMEDA, Aug. 13.—On Wednesday at noon Miss Etta Dean and Al Schmidt are to be married at the home of the groom-elect, 1212 Paru street. The ceremony is to be performed by the Rev. Franklin Buebee.

Miss Dean for many years was a popular and talented member of the

MISS ETTA DEAN, the former actress, who will become a bride today.

Alcazar stock company. A little over a year ago she left the stage and since that time has been living in this city at 1441 Taylor avenue. She is a charming brunette of a very attractive personality.

The groom-to-be is employed in the lumber business in San Francisco. He has resided here for a number of years and is very well known. He is to be supported at the ceremony by A. Schultz.

After the nuptials the couple are to leave for Lake Tahoe, where they will spend two weeks. They will then go to New York and on their return to this state will take up their residence at the corner of Sixth street and Central avenue, where the groom-elect has built a cozy cottage.

ONLY HALLUCINATIONS.

ALAMEDA, Aug. 13.—Frank Pearson, who came to Alameda last week and claimed that he had been threatened with hanging for a crime he committed in Oakland on a little girl, is back in this city, after having been examined for his sanity. Pearson was suffering from strange hallucinations, due to a large amount of bad whiskey.

THE PIONEER FRENCH BAKERY

MURDERED BY BOLD ROBBERS

Man Who Resisted Hold-Ups in
Golden Gate Park Shot
to Death

SAN FRANCISCO Aug. 13.—Four thugs last night terminated an evening of robbery by a deliberate murder. They took their stand along the driveway in Golden Gate park and the ocean beach held up and robbed everybody that passed and finally shot Fred Mullinix the first of the victims who resisted them killing him instantly.

After slaying their victim they fled down the beach and disappeared in the darkness along one of the paths into the park.

When Mullinix was killed he was walking along the beach in company with Miss Norma Pisa of 1931 Golden Gate avenue.

The girl ran screaming from the scene just as the shot that sent death to her escort was fired.

She gave the alarm at Steeple's beach tavern near which place the hold up occurred and was sent to her home without the knowledge that Mullinix was dead out in the roadway.

As Mullinix and Miss Pisa were walking along two men both armed and masked stepped out in front of them and ordered them to throw up their hands. The girl obeyed and as she did so she noticed two more of the bandits just behind her both of them covering the couple from behind with their revolvers.

The command to place his hands above his head was not heeded by Mullinix who was a powerful young man and his only reply was to throw the man nearest to him to the ground. At the time that the other robber was armed and having no knowledge of the presence of the two men to the rear.

As he took the arm of the robber he was warned by the other fellow to resist but he continued to fight and within a shot rang out. There was only the one shot and Mullinix was sprawling in the dust dead.

Mullinix resided at 238 Rutledge street.

RACES ENDED AT DEL MONTE

DEL MONTE Aug. 13.—The last day of the meet of the Automobile club of California was given over to a race and sightseeing. The three mile race for touring cars which closed the program Saturday caused considerable discussion among the chauffeurs.

Arthur Hull who almost won the first heat Saturday in the Cadillac thought that the car he was driving could defeat the Packard which M. E. Silva drove to victory.

The discussion became so interesting that a little wager was made by the two chauffeurs and the outcome conducted the race for them yesterday morning. It was a standing start over a five mile course.

At the signal Silva drove the Packard to the front for a lead of almost a sixth of a mile before Hull had his car well under way. On the back stretch both cars were going with every hing wide open. Swinging around the lower turn and into the stretch the positions were unchanged.

The first mile was completed in 1:11 by Silva. Hull was about 5 seconds astern.

The second third and fourth miles were completed in exactly 1:21 each. In these three miles Hull lost a little over a second.

The race was run at the rate of a little over forty three miles per hour. This was good time when it is considered that the cars were in touring rig nothing being taken out of them.

The officials were R. R. L. Hommesdieu judge, and Samuel Bugbee timer. After the race the automobilists made shore runs until time for luncheon.

The afternoon was given over to a run over the seventeen mile drive.

RAILROAD MAN DENIES SHORTAGE

SAN FRANCISCO Aug. 13.—Charles Clifford the local freight representative of the Union Pacific Railroad denies the rumor that his accounts are short or that he misappropriated company money.

Regarding Clifford's difficulties with the railroad it is said Ernest Young general auditor for the Harriman system was appalled by somebody that \$500 sent as a relief fund from the Union Pacific's head office in Omaha on April 21 last for the relief of clerks under Clifford had not been properly accounted for by the latter.

Young sent Chief Auditor Wood of the Union Pacific at Omaha to this city to look into the matter. This so the story runs was the first inkling the officials had that all was not as it should be in the local freight office of Clifford.

What Chief Auditor Wood found out about the \$500 relief fund and his conclusions on that subject have not been made public. Wood intruding the expenditure of this fund however is represented as finding a "angle" in Clifford's books. He was greatly incensed over the condition of the accounts and ordered a special traveling auditor here from Portland Or. to assume personal charge of the books and straighten them out.

At this juncture the Pinkertons were brought into the case on instructions from Omaha. They are supposed to keep track of Clifford's movements.

JEROME MAY BE CANDIDATE

Possibility that New York's District Attorney Will Take the
Nomination for Governor

NEW YORK Aug. 13.—John A. Hennebery chief clerk in District Attorney Jerome's office and the manager of Mr. Jerome's last campaign gave it out as his belief yesterday that Mr. Jerome would accept the nomination for governor on the Democratic ticket. If there was a strong demand for his nomination Mr. Hennebery shortly after he arrived in town from Saratoga where he had been spending his vacation said.

In the last few days there has appeared in various parts of the state a strong sentiment in favor of Mr. Jerome as a candidate of the Democratic state convention. Several men prominent in the Democratic party have communicated with Mr. Jerome recently and urged him to consider the nomination. I have not seen Mr. Jerome in several days but I am satisfied that if there is a demand for him he will make the run for Governor on the Democratic ticket. He will look upon it as a duty which as a Democrat he cannot disregard.

Mr. Hennebery added that he had been to town in response to a telephone communication from both Democratic leaders with whom he would have a conference tonight.

TRIES TO SPEAK
TO PRESIDENT

NEW YORK Aug. 13.—Miss Asi L. Esau who is summering in Oyster Bay for the purpose of interviewing the president of Mrs. Roosevelt on what she deems is a matter of life and death or a scene during the service in Christ Episcopal church yesterday. Miss Esau, a Miss Esau by her name is supposed to be his attended every church meeting the president has attended there since July. She has climbed Sagamore hill on foot several times only to be turned away by the secret service men.

She presented herself early yesterday at the church and took a seat directly behind the pew usually occupied by the Roosevelt family. When the James Duff, a sister of the president's, came to the altar to read the service she presented herself to the president's secretary and took a seat directly behind the president's secretary.

When the president's secretary had finished his reading of the service she presented herself to the president's secretary and took a seat directly behind the president's secretary.

When the president's secretary had finished his reading of the service she presented herself to the president's secretary and took a seat directly behind the president's secretary.

When the president's secretary had finished his reading of the service she presented herself to the president's secretary and took a seat directly behind the president's secretary.

When the president's secretary had finished his reading of the service she presented herself to the president's secretary and took a seat directly behind the president's secretary.

When the president's secretary had finished his reading of the service she presented herself to the president's secretary and took a seat directly behind the president's secretary.

When the president's secretary had finished his reading of the service she presented herself to the president's secretary and took a seat directly behind the president's secretary.

When the president's secretary had finished his reading of the service she presented herself to the president's secretary and took a seat directly behind the president's secretary.

When the president's secretary had finished his reading of the service she presented herself to the president's secretary and took a seat directly behind the president's secretary.

When the president's secretary had finished his reading of the service she presented herself to the president's secretary and took a seat directly behind the president's secretary.

When the president's secretary had finished his reading of the service she presented herself to the president's secretary and took a seat directly behind the president's secretary.

When the president's secretary had finished his reading of the service she presented herself to the president's secretary and took a seat directly behind the president's secretary.

WRESTLER, CANNOT HOPE TO FIGHT**

punching a leather bag so as to develop the hitting power that is the chief mode of attack of the boxer. The arms of the leading boxers do not show any knotted muscles. They are long smooth muscles that are not obtrusive but are very effective in aiding the possessor to strike effectively.

COULD HURT NO ONE.

There is not a boxer in the land who would be afraid to strike the head of

Another thing that is all against Hack is that he is now in his prime as an athlete and has all his life devoted himself to wrestling. He could not suddenly change and become proficient in the latter as a science that must be learned early in life and there is not a boxer of note in the country who did not begin to box at an early age and keep it up to the exclusion of other sports.

In the matter of defense Hack would

be an easy mark for the sharpshooters of the twenty-four-foot ring Joe Gans would be able to feint Hack into a knot and then deliver a knockout punch and Hack would never lay a glove on the negro.

With Jeffries in good condition, the Russian would last a small part of one round.

No wrestler has ever become a first-class boxer, and no boxer has ever become a first-class wrestler.

Hackenschmidt will not prove an exception to the rule.

There are half a dozen heavies in this country very anxious to get on with Hack, and the first one that the Russian meets will take all ideas of pugilistic fame out of the head of the

Oakland Tribune

W. E. DARGIE, President.

Office, Tribune Building, Eighth and Franklin Streets, Oakland.

Mr. Bryan as a Bouncer.

Mr. Bryan's letter to Roger Sullivan, member of the Democratic National Committee from Illinois, is raising almost as great a stir as Henry Clay's famous letter regarding the annexation of Texas.

Mr. Bryan wrote Mr. Sullivan asking him to resign, on the ground that he was unfairly elected, a monopolist, and a misfit Democrat generally.

Mr. Sullivan politely replied that he had not delegated to Mr. Bryan the right to pass on either his integrity or Democracy, or words to that effect, intimating also that having been elected by the National Convention to represent a state of which Mr. Bryan is not a citizen, the traveling apostle of the new Democracy was butting in where he had no business. Thereupon Mr. Bryan, in grievous but temperate language, wrote another letter to one Thompson, stating that as Mr. Sullivan would not resign he must be pulled off the National Committee and thrown in the snow along with the rest of the discard. He further announced that he was coming back from Europe to superintend the bouncing of Mr. Sullivan.

Thus has started every rooster in the Democratic barnyard to flapping his wings, crowing and strutting, and advertising once more to the world that the Democratic party is a fighting party if nothing else.

Still Mr. Bryan's right to decide who shall represent Illinois on the Democratic National Committee is fairly open to question. He is not a citizen of Illinois, and his credentials as a party dictator have not yet been issued. Mr. Sullivan was selected National Committeeman by the Illinois delegation to the last Democratic National Convention, and that body ratified the selection. What right has Mr. Bryan to say that the selection was unfit, and that Mr. Sullivan shall be summarily expelled?

Doubtless Mr. Bryan honestly believes what he says about Mr. Sullivan, but the sincerity of his belief is not the vital point in the discussion. Why is Mr. Sullivan singled out for expulsion from the Democratic wigwag? Why is the Hon. Tom Taggart of French Lick Springs, with his roulette tables, red, white and blue chips, immune from the pious wrath of Mr. Bryan? He is chairman of the Democratic National Committee, and carries with him an old gold, monopoly flavor. He is as safe and sane as Mr. Sullivan, and his tablecloths are as green as meadows of his native Ireland. He is as Irish as Sullivan, and his reputation is as old-cheesy as to smell as is Mr. Sullivan's. Why the invidious distinction?

Here are points of difference in plenty, and to a party naturally so pugnacious and impulsive as the Democracy, they present an irresistible pretext for engaging in a general row. The row is in progress, and promises to be as noisy and as fruitful of gratifying results as the historic battle of the Kilkeny cats.

The School Bond Election.

Less than five per cent of the qualified voters of Oakland went to the polls at the school bond election last Saturday. To be exact, there are over 20,000 names on the register of this city and only 792 men voted. A fight for councilman in one of the wards would have brought out a larger vote. It is true that the absence of opposition accounts in a great measure for the neglect of citizens to give expression at the ballot box to their wishes, but in so important a matter as bonding the city no such indifference should be displayed. A trifling opposition if organized and directed furtively could have blocked the bond issue, although it was undoubtedly favored by nine-tenths of the inhabitants of the city. Besides, it should not be left to three or four per cent of the voters to decide a question so vital as bonding the city. THE TRIBUNE is gratified that the bonds carried by a majority of five to one, but the paucity of the vote is both surprising and disappointing. In so intelligent a community as this it should not require the injection of the personal element to induce voters and taxpayers to exercise the right of franchise. The duty of the citizen does not halt at the selection of men to fill the offices. They should express their views and desires, so far as they are able, in regard to every proposition affecting the public welfare. The submission to the electorate of a proposition to issue bonds is a referendum. Yet, as in the case of Saturday, a vast majority of the persons most deeply interested—namely, parents and taxpayers—absolutely gave no attention to the matter and permitted the result to be decided by a handful of voters. Such neglect of the duties of citizenship is inexcusable.

Another Warning to the Czar.

The Czar has received another hint from the army that the continuation of his reign is precarious and his life in peril, through the attempt which was evidently deliberately made by one or more of the regiments of his imperial guards to kill Grand Duke Nicholas, President of the Council of National Defense, while he was reviewing the troops during blank cartridge practice at the military camp at Krasnoye-Selo. It is represented that fully one hundred shots were fired, the bullets whistling ominously around the head of the Grand Duke. His escape from death or injury is attributed to the fact that the conspirators became too impatient to accomplish their purpose and fired at their intended victim at too long a range to enable them to take effective aim. The deliberation of the attempt to assassinate him is, however, proved by the fact that the officers of the various regiments had taken the precaution before the maneuvers began to deprive the troops of all ball cartridges and to carefully examine the contents of their cartridge pouches. The incident recalls the field battery's discharge of grape at the Winter Palace, about eighteen months ago, when the Czar and his family were participating in the ceremony of blessing the waters of the Neva. The attempt on the Grand Duke's life has evidently unstrung the Czar's nerves, for he has abandoned his intention to visit the camp. Such conspicuous manifestations of disloyalty in his most trusted regiments which Nicholas has had occasion to witness of late ought to convince him of the folly of persistently carrying out a policy which is alienating the army as well as the people and adding fuel to the smoldering fires of revolution.

It is said that William Jennings Bryan kissed the Blarney stone when he was in Ireland. The stone must have blushed with shame under the lips of the Nebraska orator.

The filing last week of 913 real estate transfers in the county recorder's office is one evidence of the splendid results achieved by advertising in THE TRIBUNE, Oakland's greatest newspaper. It shows also that the real estate market is booming in Alameda county.

The Lesson of Yesterday's Collision.

So far as the Telegraph avenue accident is concerned, it may be an open question whether the motorman was at fault or the air brake did not work, but there is no doubt that the car was overloaded beyond all reason. The car was carrying three times as many passengers as it was built to carry, hence it was more difficult to handle; the danger of accident was increased, and the liability to injury trebled. Overloading the cars causes more frequent stops, with the result that the speed between stops is increased in the effort to make schedule time. It is stated that the lack of cars sufficient to handle the traffic is due to inability to get rolling stock and other necessary material, but this is only a temporary condition. And it is one that should be remedied without unnecessary delay. It is one that endangers the safety of the traveling public, causes general inconvenience, and in the long run is a penny-wise-pound-foolish policy. It provokes popular resentment, and invariably results, sooner or later, in some shocking accident that costs the company a good deal of money and involves it in expensive litigation. Without assuming that the Traction people are not giving the best service they can with the rolling stock at their command, we have no doubt that they should provide ampler car facilities at the earliest practicable moment. By doing so they will give better satisfaction to the public and insure themselves against such costly disasters as the one on Telegraph avenue.

"Scotty," the Death Valley Munchausen, has again bounded into the limelight with a yarn about being present when Stanford White made an apocryphal attempt on the life of Harry Thaw. No such incident as he relates could have happened without the newspapers of New York City ascertaining the facts long ago, if not immediately after it occurred. Every experienced newspaper man in the country is well aware of this, hence it is surprising that any of them should dignify the lurid lying of "Scotty" by giving space and apparent credence to what he has to say.

WHY PARDEE SHOULD BE NOMINATED.

Barring political accidents, the Republican nominee for Governor of California is almost certain of election. Therefore, the people in general, aside from their political predilections, are considerably concerned in the Republican nominee.

In forming an estimate of the worth of a man, it is not fair to judge him by any one or two points, but his entire make-up and character should be considered and he should be judged in the aggregate. So in judging of the success or failure of an official's administration, no one act, or series of acts, should be unduly weighed, but the matter should be considered in a broad sense and the test should be: Has the administration, on the whole, been competent, successful and honest? If this test be met satisfactorily, then minor matters should be set aside in the general reckoning.

This is the test that should be applied to Governor Pardee. It should be applied to any official as the time approaches when it is to be decided whether he is to be continued in office for another term or retired to private life. Judged by this standard, the Record is convinced that the test would prove favorable for Pardee.

His conduct of public affairs has certainly been successful. His honesty has never been called into question. Economy and efficiency have characterized the administration. He has been as free from political dictation as a man elected under our political system can expect to be. He has not shirked his official duties, but it is a matter of general knowledge that he is a hard working official.

True, the Governor hasn't pleased all the politicians. He hasn't pleased all the newspapers at all times. He hasn't pleased all his friends at all times. He hasn't pleased the Record at all times. But who could please everybody? If there are one hundred times as many applicants as there are offices, what is a pestered Governor to do? If there are political factions and rival organizations (of course, there are not any in San Joaquin) how is a Governor to satisfy them all around? He can't.

If Pardee had allowed the Record to suggest whom he should appoint to office in San Joaquin county, the appointment would have at least been satisfactory to us, but he hasn't. However, that is not a good reason why we should oppose him.

Briefly, we consider that Pardee is a good Governor, as good as we have had, and as good as we are liable to get. It is not inconceivable that we might get a man far worse. So, therefore, we're for the Governor, despite "politics," and despite the further fact that some of our friends may not like him. We don't think the delegates from San Joaquin county to the Republican state convention can do better than to stand for Pardee, stand for him manfully, whether or not he may be the "program" man and whether or not the state "machine" wants him.—Stockton Record.

WHY BUILDING IS EXPENSIVE.

OAKLAND, August 2, 1906.

Editor TRIBUNE: In your editorial of August 1 you say it would be well for the congressional committee to look after the lumber trust and find out why a five-room cottage costs as much to build today as a seven-room house cost a few years ago. Let the committee look up the UNION LABOR TRUST, and it will be surprised that a five-room cottage can be built as cheap as it is. That committee will find that labor has advanced at least fifty per cent in every line that comes in contact with a building, beginning with the man who felled the tree for the sawmill, the men who dig the clay for the brick, the men who shovel the sand for the mortar. Why should a five-room cottage not cost more than it did a few years ago? The man who levels the ground for the foundation gets \$2.50 for eight hours instead of \$2 for ten hours; the carpenter gets \$4 for eight hours instead of \$2.50 for ten hours; the bricklayer gets \$8 for eight hours in place of \$5 for nine hours; the plasterer gets \$6 for eight hours instead of \$3.50 for nine hours; the painter gets \$3 for eight hours in place of \$2 for ten hours; the shingler gets \$4 for eight hours instead of \$2.50 for nine hours; the plumber gets \$4 for eight hours in place of \$3 for ten hours; the sewer digger gets \$3 for eight hours in place of \$2 for ten hours; then comes the teamsters hauling the material who have a large increase in wages; the cement workers, if you need them, get a large increase; also the glazier, the millman, the electrician, in fact, you can't mention a trade or work of any kind employed on a building that does not get at least 50 per cent more wages (shorter hours considered) than it did a few years ago.

It does not take a congressional committee to figure out why does a five-room cottage cost more today than a seven-room house did a few years ago.

PARDEE SPEAKS AT DEDICATION

Assists in Unveiling of California
Volunteers Monument in
San Francisco.

SAN FRANCISCO, Aug. 13.—Under the fairest of California skies, in the bright sunlight of Sunday afternoon, 3000 citizens of San Francisco gathered yesterday at the juncture of Market street and Van Ness avenue to behold the unveiling of Douglas Tilden's monument, contributed by residents of San Francisco and dedicated to the California Volunteers of the war with Spain. Many of the young men who went to the front with the First California and other regiments of our state, the commanding officer of that regiment, now the governor-general of the islands, helped to conquer, representatives of the city and state governments, men of the army and navy and a great concourse of citizens witnessed the acceptance of the gift, which is San Francisco's tribute to the heroism of California's sons.

The monument is a bronze group, heroic in size, upon a granite base. It depicts the Spirit of Victory on a winged chariot, beside which stands an American soldier protecting a fallen comrade.

Mayor Schmitz accepted the gift on behalf of the municipality. On behalf of the state, Governor George C. Pardee accepted the gift. "As the representative of two million people, I am glad to participate in the dedication of this monument to the soldiers of my native state. The Olympia, built by California workmen, bore the commander in the first great victory of the war."

General William R. Shafter, veteran of two wars, spoke briefly to his comrades, and at the conclusion of his address he was given one of the heartiest ovations of the day. The chairman called for the sculptor of the bronze group of the monument, if it is in the throng, to come forward, but Douglas Tilden, if present, was modest, and the ceremonies proceeded without him.

After music once more by the band, Captain Riter, of the 10th Cavalry, read the day, Governor-General Smith, who led the first California as its colonel in the days of '98.

HERE IS RELIEF FOR WOMEN

If you have pain in the back, urinary, bladder or kidney trouble and want a certain, pleasant herb cure for Women's ailments, try Mother Gray's "AUSTRIAN-LEAF." It is safe, monthly regulated, and cures all Female Weaknesses, including inflammation and ulcerations. Mother Gray's "Austrian-Leaf" is sold by Druggists or sent by mail for 50 cents. Sample sent FREE. Address The Mother Gray Co., Le Roy, N. Y.

If you had taken two of Carter's Little Liver Pills before retiring you would not have had that coated tongue or bad taste in the mouth this morning. Keep a vial with you for occasional use.

MARRIAGE LICENSE gratis to you if you are going to light housekeeping. \$70 worth of household goods at H. Schellhaas' will start you in life. See us, Corner of Eleventh and Franklin.

TYPOS HOLD CONVENTION

Representatives of 46,000 Union
Printers Meet at Colorado
Springs.

COLORADO SPRINGS, Colo., Aug. 12.—The fifty-second annual convention of the International Typographical union opened at 10 o'clock. The mayor and six other prominent citizens welcome the 300 delegates, who represented 46,000 union printers, and President James M. Lynch, of the union, responded. The chief event of today was the formal presentation of books to the Amos M. Cummings library at the Union Printers' Home, which is located here.

The chief business before the convention, which will continue all this week, is the consideration of plans for further carrying on the fight of the union for an eight-hour day. The organization has expended up to date \$500,000 in conducting this fight.

The convention also affords representatives of all the unions of the international organization an opportunity to inspect the building and work of the union home, which has been maintained in this city for the past thirteen years.

Excursions to Cripple Creek and other points of interest will be an important feature of the week.

FILE ARTICLES. Articles of incorporation of the Cooley Hardware Company were filed today with the County Clerk. The company is capitalized for \$25,000, of which \$100 has been actually subscribed by A. S. Cooley, M. L. Cooley and Dennis McClung.

Wedding announcements and invitations printed in new style type at The Tribune office.

COMING

Over on the ferry yesterday a fellow asked a group of us if we knew the coolest spot in the U. S. One man said Coldwater, Mich.; another Chillcothe, Mo.; another said Fresno, Cal. (pronouncing it "Fresno"), and I suggested Ven-ice, Cal., but the first fellow said, "You're all wrong; it's the Lehnhardt ice cream bazaar at Oakland," to which we all gladly assented. Lehn's is certainly a cool and comfortable, as well as refreshing spot on a warm day.

A CRUSHED STRAWBERRY COOLER THIS WEATHER IS THE ONE THING NEEDFUL.

SOCIETY

PLANS FOR SOCIETY AFFAIRS

Luncheons, Dances and Other Interesting Events in Prospect.

Mr. Oscar Loring will entertain next Thursday at a luncheon for Miss Estelle Kleeman, the guests to include a dozen friends of the bride-elect. Miss Kleeman is to be quite the fete guest this week, since Mrs. George Kleeman will also entertain for her on Friday. A score of guests will participate in the latter event.

RESUME DANCES.
There has been no meeting yet of the patronesses of the Friday Night club on this side of the bay, and no plans are made for the coming season. It is probable, however, that the exclusive club will resume dancing with the opening of winter gaiety, and there is sure to be a series of informal dances among the younger set. All the dancing clubs in San Francisco, which flourished last year, will be formed again, the Friday Night club, the Assemblies and the Friday Night Cotton club. The Gaiety club will probably give its informal dances, although many of the members are married or soon will be and are therefore no longer eligible for membership, and others are away, but when the first meeting of the club is called it is anticipated that a sufficient number will respond to reorganize.

MATINEE PARTY.
Miss Bertha Fisher entertained a party of friends Saturday at the matinee, and an informal supper afterward.

OUTDOOR MUSICALS.
Joe Rosborough is planning to give an outdoor musical in the spacious grounds of his home at Highland park, when his mother returns to act as hostess. Mr. Rosborough is planning a distinctive and interesting scene, and in a recent production of "The Merchant of Venice" given in San Francisco for charity. Mr. Rosborough played the part of Lorenzo, and the scenery and accompaniment was played by Miss Kate Maxwell on a genuine Violoncello.

NIDIFFER-GERSON.
The daughter of Miss Anna Nidiffer, formerly of Miss Hild's school in Berkeley, and Jerry Gerson, a young business man of San Francisco, marks the celebration of a romance begun in a future camp in San Francisco. The parents of the couple objected to the match on account of the difference in the age of the young people, but

MISS EDITH BECK.

one of the society girls who will assist at the Kindergarten Fete next Saturday.

The couple were secretly married at San Mateo, the Rev. Taylor of the M. E. church officiating.

Mr. and Mrs. Gerson have taken apartments in Berkeley, where their future home is to be. Gerson is the son of a wealthy wholesale merchant of San Francisco. The bride is the daughter of Mr. and Mrs. Murray Nidiffer, the well-known stockman of Kings county, who is now engaged in the wholesale business in San Francisco.

GOING EAST.
Mr. and Mrs. Fred Marriott are now in Alameda, but expect to leave September 1 for a two-months' trip to New York.

Upon their return they will build a fine home near the Claremont Country club.

FIVE HUNDRED PARTY.
Mrs. William Knowles was hostess at a charmingly informal five-hundred party yesterday afternoon at her pretty Alameda home, in honor of Mrs. Charles L. Langley, who, with her daughter, Miss Grace, leaves shortly for a lengthy sojourn in the east. Only personal friends of the guest of honor were invited, and at the dainty refreshment table the affair took on the form of a shower, for each of the guests had made some pretty little article suitable for the traveler, and these were placed in alluring little parcels before her plate. It was a most enjoyable afternoon and the ladies entertained besides, the hostess and her guest of honor were Mrs. Charles A. Bradford, Mrs. George W. Pith, Mrs. E. M. Keys, Mrs. Thomas Kase, Mrs. Henry Southern, Mrs. P. G. Sargent, Mrs. C. O. Macallum, Miss Grace Langley and Miss Frances Keys.

WILL LECTURE.
Mrs. Mary Fairweather will lecture next Friday afternoon at the home of Mrs. George H. Perry on Willow street and San Jose avenue, Alameda. The lecture will be at 2:30 o'clock in the afternoon, and the subject an-

nounced is Hauptman's "Sunken Bell." These informal talks on the new drama are being well attended and a large audience is expected Friday afternoon.

AUTO TRIP.
Judge W. H. Henshaw, accompanied by Tyler and Stanley Henshaw, Mr. and Mrs. W. W. Patterson and Mrs. H. E. Patterson, made the trip to Del Monte recently, in their automobile.

QUIET WEDDING.
The marriage of Miss Rita Dean of Alameda and Al Schmidt will be solemnized Wednesday at the home of the groom-elect at 1212 Para street. The officiating clergyman will be Rev. F. W. Bugbee.

The groom-elect is in the lumber business in San Francisco and is well known in the cities about the bay. He is a graduate of Anderson's academy. He is to be supported by A. P. Schultz as best man.

The bride-to-be is an attractive brunette, and will wear a gown of pearl gray at the ceremony.

The couple are going to Lake Tahoe for a honeymoon trip, and on their return they will occupy a cottage at the corner of Sixth street and Central avenue, Alameda, which is now under course of construction.

AN ENGAGEMENT.
Mrs. F. H. Bothow announces the engagement of her daughter, Miss George Wheeler, to Alfred Weber of Chicago.

The wedding will take place in the early fall.

No definite date has been set.

SEPTEMBER WEDDING.
Miss Bessie Grant is spending several months in British Columbia with friends. Miss Florence Grant, who accompanied her, has returned to her home in Highland Park. Her marriage to Ely Hutchinson will be one of the events of the late September days. The wedding will be a quiet one and will be celebrated at the Grant residence in East Oakland.

IN EUROPE.
Mr. and Mrs. Rose E. Browne and Miss Browne of San Francisco are at the Hotel Frankfurterhof-Frankfurt. Mr. and Mrs. C. E. Mackay of San Francisco were guests of the American minister to Switzerland at a dinner on Wednesday at Villa Diodatta, Geneva.

PERSONALS.
Miss Jean Baker leaves this evening for a visit at the Butler cottage on the Nuburner ranch, Placer county. Dr. and Mrs. A. K. Crawford, Miss Crawford and Walter Crawford are enjoying an outing at Laurel Dell. Miss Sara Drum has returned from New York, where she has been for several weeks as the guest of her sister, Mrs. William Geor Hitchcock. Later in the summer Mrs. Hitchcock is to come to San Francisco to spend some weeks visiting the city. Mr. and Mrs. H. Rumsch with their small son and master Leo McCourt-

VISITORS COME BY THOUSANDS

Minneapolis Filled With G. A. R. Veterans, Brass Bands and Cheering Crowds.

MINNEAPOLIS, Aug. 13.—Veterans by the thousands and other visitors by the hundreds and thousands, brass bands by the scores, drum corps by the hundreds, and fluttering flags in number beyond computation have been pouring into the city since dawn. The air is filled with the crash of brass bands, the cheering of crowds, the roll of drums and rent in twain by the shrieking of the life, manipulated with varying degrees of skill, but always with the utmost fervor.

This is the first day of the fortieth annual encampment of the G. A. R., which is to continue throughout the week, and, despite the fact that the soldiers are rapidly lessening in numbers, it promises to be one of the most successful ever held. There will be annual meetings of the many affiliated societies, and an almost infinite number of military organizations. The social events planned for the entertainment of the old soldiers and their wives are many and elaborate.

FIRST REUNION.
The first reunion of the day was that of the First Minnesota Volunteers, which, its survivors say, was the first body of men to offer its services for the war.

Tonight the chief social events will be a reception in honor of the Daughters of the American Revolution, and a similar event tendered by the St. Paul posts.

The political aspect has been very mild this far as none of the candidates for the honor of being the next commander of the organization have arrived. The contest is expected to grow warmer during the next twenty-four hours. The candidates are Captain P. H. Coney of Topeka, R. B. Brown of Zanesville, Ohio, and Charles G. Burton of Missouri. There is no contest for any of the lesser offices.

They are enjoying a stay at Agua Caliente.

Miss Pauline Mathews is a guest at the Nuburner ranch.

Mrs. Faustina A. Poulin has been enjoying an outing at Inverness.

Mr. and Mrs. Samuel J. Taylor leave in a few days for the east.

William Cavalier has returned after a stay of several weeks at Shasta.

Miss Emma Schmidt is the guest of Mrs. Henry Chamberlain.

Mrs. Herbert E. Law is spending a few days at her country home near Alma, and is convalescent after her recent illness.

Mr. and Mrs. Arthur H. Dutton have returned to San Francisco after a stay in Berkeley.

Mr. and Mrs. Philbert Everts are at the Berkeley Inn, where they may remain all winter.

WEDDING OF INTEREST.
A marriage of the coming Wednesday will be that of Miss Edna Mohr, daughter of Mr. and Mrs. Rudolph Mohr, and Edmund F. Russ. Miss Mohr will be attended by Miss Linda Russ as maid of honor and three bridesmaids, Miss Emma Dangers, Miss Marcelia Padkin and Miss Alma Diehl. George Fuller will serve Mr. Russ as best man, and Ernest Klee-sah, Lou Bendson and Perry Cumber-son will act as ushers.

The young people will make their home on this side of the bay.

TAME RATTLES
GUARD MONEY

READING, Pa., Aug. 13.—Daniel Nye, an inkpinner on the Blue mountains, is considered the king of snake hunters in this section. At Mr. Nye's home there are a score or more of rattles which he took when they were young. Although Mr. Nye keeps his money in a clear box, which can be seen by all, he says that he has no trouble with thieves. A rattler or two is coiled about the cash box continually. The inkpinner has no fear of snakes, and spends much time on the mountains searching for them.

Upon spying a rattler he tenses him until the snake coils and leaps. He then runs in on the serpent before he again strikes, and with a prong of a tree catches the snake back of the neck and pins him to the ground. With his knife he then kills the snake, takes it home and extracts the fat, for which he finds a ready sale at \$1 an ounce.

ENTIRE POLICE FORCE STRIKES OVER CLOCK

CHICAGO, Aug. 13.—Wilmette's police force, a powerful body of men consisting of Chief C. A. Pearson, who works days, and Assistant Chief E. G. Sieber, who works nights, is about to strike. A few days ago the village council, in its wisdom, decided that in future it would be right and proper for the policeman on duty to wear about his neck, in the manner of a locket, a talisman, or anything like that, a fourteen-pound clock. In order to keep this clock going the officer would have to visit a number of places in different parts of the village where keys would be kept, and wind up at each.

Chief of Police Pearson states that the night force (Assistant Chief Sieber) is strongly against the clock idea. With the clock about his neck the assistant chief fears that he might be set upon from behind and hanged in his own armor.

James H. McGuire, the only official patrolman on the force, is ill in bed and threatens to stay there if they tie him to a clock.

"They can tie a can to me," said McGuire, "but not a fourteen-pound clock."

WASHINGTON, D. C., Aug. 13.—A whole bag of salt for every three persons in the United States, or twenty-five pounds each, is the annual rate at which Americans consume the product which saves the animal and vegetable foods they consume. New York is second only to Michigan as a salt producing state, and statistics recently compiled by the government show that the combined output of these two states aggregated more than two-thirds of the salt production of the

NOT IN RACE FOR ASSEMBLY

Berkeley Man Quiets Fears of Men Who Anticipated His Rivalry.

BERKELEY, Aug. 13.—The minds of some of the politicians of this assembly district were very much relieved this morning when a letter was received from Herschel H. Macdonald announcing that he is not in the race for assembly honors. The leaders in Berkeley have feared the popular young newspaper man and although they have not shown their disapproval openly, they have been feeling the pulses of the voters to learn the strength of Macdonald.

But their minds were freed of their burden when the following letter was made public in Berkeley this morning: To My Berkeley Friends: I feel that the approach of the Republican primaries is an opportune time for me to state my position in relation to my suggested nomination as member of the assembly of California to succeed the Honorable William H. Wastie. While the experience of two sessions as committee clerk under Judge Wastie at Sacramento, and the wider experience as a newspaper correspondent, may have in a measure fitted me for the important office of assemblyman, I feel that it has also added greatly to my ability to again serve in the capacity of newspaper correspondent.

As my arrangements are being made along this line of work during the coming session of the legislature, I feel that I must decline to allow my name to be presented to the convention as a candidate.

I assure my loyal friends that I am not insensible to the great honor they have conferred upon me in urging my candidacy, and that I will always appreciate their mark of confidence.

HERSCHEL H. MACDONALD.

FIRE DREW FORTH 229 FEET OF SNAKE.

PORT JERVIS, N. Y., Aug. 13.—There was not a bottle of liquid bait in the family party whose remarkable experience with snakes is about to be told. This fact is important.

The party has just returned from camping at Promised Land Pond, Pike county, Pa. There they occupied an ancient log house, vacant for two seasons. Arriving there the women went to sweeping and unpacking the camping outfit, the men went into the woods, carried back loads of pine knots and cones and soon had a roaring fire in the old fashioned fireplace.

As the warmth spread through the log house a terrible hissing mingled with the fire's crackling, then a big snake dropped down the chimney and into the fire. The women fled, shrieking, the men armed themselves with clubs and the fray grew hot.

Snakes of all kinds, colors and sizes, garter snakes, adders, rattlesnakes, black snakes, milk snakes, unfound themselves, crawled from crevices, fell from the rafters, wriggled up from beneath the floor, hissing and squirming. As many more dropped down the chimney, until the smoke and odor of frying snake filled the atmosphere.

Some of the infuriated snakes attacked each other. The men laid out an hour only dead snakes strewn the floor. These the men gathered up and carefully counted and measured. Six actual count there were seventy-six snakes, their aggregate length was 229 feet, an average of about three feet and one-half each. Not during the weeks they were at Promised Land Pond did the campers see another snake.

United States.

In 1899 only 5,961,060 barrels, or 63.5 per cent of the salt used here was of home production. Last year 96.7 per cent was the proportion of the total consumption which was produced within the borders of the United States. The total amount was 25,872,701 barrels, which included only 1,153,133 barrels imported from foreign countries. These figures show that the American people are using three times as much salt each year now as they did twenty-six years ago.

New York and four other states provided 96.67 per cent of the total quantity of salt produced in this country last year. Michigan furnished 9,492,173 barrels; New York 8,552,121 barrels; Ohio, 2,528,553 barrels; Kansas, 2,006,585 barrels and Louisiana, 1,065,188 barrels. Eight other states and two territories produce salt on a commercial scale—Pennsylvania, West Virginia, Michigan, Oklahoma, Texas, New Mexico, Idaho, Utah, Nevada and California.

A Great Optical House

The largest house in San Francisco, Oakland, Sacramento, Stockton and Fresno, making all its own glasses, offers you the best possible optical service at a proper price. It is because we give the best that we have grown so rapidly.

466 Thirteenth Street

San Francisco, Oakland, Sacramento, Fresno.

Woman's Watchword Is Modesty.

Whatever threatens woman's delicate sense of modesty, frightens her. For this reason many a woman permits disease of the delicate womanly organs to become aggravated because she cannot bring herself to submit to the ordeal of unpleasant questionings, offensive examinations, and obnoxious local treatments, which most physicians think necessary. Doubtless thousands of the women who have taken advantage of Dr. Pierce's offer of free consultation by letter have been led to do so by the escape thus offered from a treatment repugnant to modesty.

Any sick woman may write to Dr. R. V. Pierce, Buffalo, N. Y., in perfect confidence; all letters of consultation being treated as strictly private and sacredly confidential, and all answers being sent in plain envelopes with no advertising or other printing upon them. Such consultation costs you nothing whether you take treatment from Dr. Pierce or not.

Dr. Pierce's Favorite Prescription has been long hailed as a "God-send to women." It makes weak women strong, and sick women well. It enables women suffering from "female weakness," prolapsed uteri, retroversion, anteversion, and other displacements of the organs distinctly feminine, to cure themselves right in the privacy of their homes. Pelvic catarrhal drains, painful or irregular periods, backache, frequent headaches, weak nerves, dragging-down pain in the lower abdominal region, or pelvic region, gnawing sensation in stomach, dizziness, or faint spells, and kindred conditions and symptoms are cured by Dr. Pierce's Favorite Prescription. It is not a secret or patent medicine, against the use of which most people of intelligence naturally object, but is, in fact, the "Favorite Prescription" of a regularly educated and experienced physician in the treatment of woman's peculiar ailments and who is not afraid to publish all its ingredients, as he does, on its bottle-wrapper, attesting the correctness of the same under oath.

"Favorite Prescription" is the one medicine for woman's delicate ailments which contains neither alcohol nor harmful habit-forming drugs, being a pure glyceric extract of curative principles found in our most valuable medicinal roots, as attested by many of the most eminent medical writers and teachers of all the several schools of practice. Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system. As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For over-worked, "worn-out," run-down, debilitated teachers, milliners, dress-makers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic. As a soothing and strengthening nerve "Favorite Prescription" is unequal-

led and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuritis, hysteria, spasms, St. Vitis's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and depression.

You can't afford to accept a second remedy as a substitute for this PROVEN REMEDY OF KNOWN COMPOSITION.

"The Blood Is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illustrated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgment are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood-cleansing constitutional treatment.

If your "drug list" don't happen to have the "All-Healing Salve" in stock, you can easily procure it by enclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 613 Main St., Buffalo, N. Y., and he will send you by return post, the "All-Healing Salve" as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

SHAH PROVIDES FOR ASSEMBLY.

TEHRAN, Aug. 13.—The Shah's rescript to the Grand Vizier as finally amended August 10, orders the formation of a national assembly composed of representatives of all classes, from the princes downward. The assembly will advise the Shah on important state and public affairs and will propose reforms conducive to the welfare of the people. Justice will be administered in accordance with the Grand Vizier is to draw up the rules of procedure for the assembly and these are to be approved by the assembly itself.

BERKELEY, Aug. 13.—The North Berkeley kindergarten reopened today. The kindergarten was started last year under the auspices of the North Berkeley Congregational church for the benefit of the community, and its first year proved to be very prosperous one.

The sessions were held in the Sunday-school rooms of the church and had a daily average of thirty pupils during the first term. The work of the last year proved to be so helpful that it has been decided to continue the kindergarten school permanently. The same principal of last year who was so successful in his work will have charge again this year. The hours are from 9 a. m. to 12 m.

1/4 off

Don Morris says:

If a man presents you with a bar of gold, do you make him prove that it's the real thing? Just so with this quarter off on all Summer Clothing in my shop; it's a straight from the shoulder bargain sale and you are the winner. It should be enough inducement to sell you several suits, for after they're fitted to your shoulders they will keep. One-fourth off the price tag.

\$10 Suits for = = = \$7.50
\$2.00 Underwear for = = \$1.50
\$3 Suit Cases for = = = \$2.25
\$3 Derby Hats for = = = \$2.25

And so on down through the line. Anything you need will be sold to you until further notice at one-fourth off the marked price. It's easy to get a 25 per cent discount off on prices you know are right.

DRAGGED OFF CARS

Thousands of Passengers
Riot and Refuse to
Pay Car Fare.

NEW YORK, Aug. 13.--The disturbances on the Coney Island surface cars and elevated trains that Deputy Police Commissioner O'Keefe and the Brooklyn police looked forward to yesterday because of Justice Gaynor's statement of Saturday that the Brooklyn Rapid Transit Company did not have a right to demand a double fare to the island, took place on schedule time. They lasted from early morning until early today, when the overwrought nerves of the people permitted a panic following a shooting affray in which four persons were dangerously injured by an unknown man, who escaped. At daylight belated ones were still making their way to the city.

More than a quarter-million people started for Coney Island during the day and most of them got there, but only after the most trying experiences. And while this enormous crowd was fighting its way to the pleasure resort--incidentally making the record of the summer--cars were stalled in lines that extended for miles, while the Brooklyn Rapid Transit inspectors argued and pleaded with passengers to pay the second fare, and finally wound up by dragging obstreperous passengers from the cars and throwing them into the streets by thousands.

SPECIAL OFFICERS.
The company did this with the aid of 200 special policemen and a corps of inspectors. A similar number of regular policemen were on hand to preserve order, but failed to do so.

Men, women and children were forcibly ejected from the cars; from 30,000 to 75,000 were compelled to walk for distances of over to three miles, the first steps were taken in scores of damage suits, and the Brooklyn Rapid Transit representatives defied Deputy Police Commissioner O'Keefe of Brooklyn. Lawyers and lawyers' clerks swarmed about the points where passengers were put off, and took the names of witnesses.

FORM COMMITTEES.
As the outcome of the day's doings, a committee of citizens is being formed in Brooklyn to enforce Justice Gaynor's ruling. Sheriff Flaherty, of Kings county was informed last night of the purpose of the committee and that the committee intended to call on him, as sheriff, to protect them as citizens in upholding their rights.

A continuous riot was in progress along the main lines of travel. As a result of it, two women were injured, one so severely that she may die; another woman and child came so near death that hundreds of onlookers turned away in horror; innumerable persons were injured, and several were arrested on charges of assault.

COLER EJECTED.
Among those who were put off trolley cars was President Bird S. Coler of the Borough of Brooklyn. Mr. Coler went peacefully after the "boomer" had technically assaulted his wife by taking hold of her arm. Mr. Coler then addressed the crowd and told them not to pay a second fare. It was after this that the trouble started, but what Mr. Coler said was by no means the cause of the disturbance that followed, for he addressed but a few persons comparatively.

ARREST CARMEN.
The police took an active hand in the trouble in the evening by arresting two Brooklyn Rapid Transit superintendents and three inspectors and a motorman or two for not moving cars, blocking the highways being charged.

At 12:40 this morning police activity took on a still more active form when cars coming from the island on the Culver route were halted at Avenue F and Gravesend street and conductors started in to collect the second fare. Inspector Donald Grant, Deputy Police Commissioner O'Keefe and several Brooklyn Rapid Transit inspectors were gathered at this point. Several passengers refused to pay the fare and the inspectors piled on to the cars and began to drag them off.

Deputy Commissioner O'Keefe gave orders to the policemen to throw the inspectors off the car and they did so. The car then proceeded after the police had ordered the motorman to go ahead. He did not go far, however. Just 150 yards away, Superintendent Smith, who had been arrested early in the evening and was bailed out, was seated in his automobile at the side of the tracks. The motorman stopped when his car got opposite Superintendent Smith and inspectors who had been thrown off by the police hustled up and tossed women, children and men off in a very lively manner. Commissioner O'Keefe and the police had been devoting their attention to the second car and did not hear what was going on in the first until the chairs had been well emptied. The police ran up but the work had been completed and the motorman had started his car toward Brooklyn in a hurry. The police managed to get all hands on the second car and keep the inspectors off.

THIEF MAKES HAUL.
A thief entered the lodging house of the Rembrandt Brick Company at 658 Clay street Saturday night and made a good haul from the rooms of the men. A. D. Case is minus \$15, Peter Lawrence lost \$3.50 and a pair of shoes, John Dutra had \$35 stolen and Henry Manning is out \$5.

LUNCH WITH KAISER.
BERLIN, Aug. 13.--Prof. Nicholas Murray Butler of Columbia university, New York, and Prof. John W. Burgess, dean of that university, lunched yesterday with Emperor William at Cassel.

SCHOOLS REOPEN

Additional Quarters for
Heavy Influx of New
Students.

The schools of this city opened today and the attendance was very large. Owing to the large influx of San Francisco residents into the city, it is expected that the school rolls will show a large increase, although the exact number cannot be ascertained as yet.

The Board of Education, believing that the number of pupils would be largely increased by the addition to the population, owing to the San Francisco configuration and the influx of people into this city, made preparations to receive them, and many additional rooms were prepared for use, in case of necessity.

MORE ROOMS.
About fifteen more class rooms have been made available. During the coming week it will be ascertained whether or not it will be necessary to use them. Substitute teachers will be called for these classes. The outside rooms of the Lafayette school, and the wooden structure which was formerly the Grant school, will be used, and these rooms have been prepared for immediate occupancy.

Despite these additional quarters, Superintendent of Schools McClymonds fears that they will not be sufficient to accommodate the new pupils. Since the schools of Berkeley and Alameda have opened, Mr. McClymonds has been watching the increase in those cities, and finds there has been a large addition to the rolls. As most of the San Franciscans came into this city, he believes that the increase in the number of pupils in this city will be much greater than in Alameda or Berkeley.

ALL SCHOOLS OPEN.
All the twenty-one schools will be in operation the same as last term. Although the earthquake did considerable damage to them, they have been temporarily repaired so that school can be resumed. As a consequence of the earthquake, the plans for the completion of the new schools have been somewhat set back, but this work will be taken up soon.

Now that the new bond issue has been favorably passed by the electors of this city, the damaged buildings can be repaired. Dr. A. H. Pratt, president of the Board of Education, said this morning to a TRIBUNE reporter:

THREE MONTHS.
"It will be three months before any of the money made available by the bond issue can be secured. The bonds will have to be sold first, which will take considerable time. The bids for the work will then have to be advertised for and let. This will take up time and the work on the buildings will probably not commence for many months.

INCREASE EXPECTED.
"We have anticipated a large increase in the number of pupils, owing to the large influx of people from San Francisco. We cannot tell as yet what the increase will be, but we have made preparations to receive as many pupils as apply."

The Board of Health office was besieged all day to day by mothers and children seeking information in regard to the vaccination law in this city. Dr. Pratt stated this morning that the vaccination law would be strictly adhered to in this city.

J. C. RILEY MAKES STATEMENT OF CASE.

Editor TRIBUNE: In your issue of the 9th inst. in an article headed "Riley Found Guilty," referring to me, you say: "He is alleged to have disturbed the peace of the city when the latter came to collect a bill which he claims is owing to him." Rudolph never had a bill against me and never came to collect a bill of me. The facts are: Rudolph owed me a bill for painting which I called at his office to collect from day to day for nearly a week. When I called the last time he wanted a commission (he is a real estate agent), and when I refused to allow him he complained of my work and said he would put a "sign on me," whereupon I used some more emphatic than elegant English toward him, for which he had me arrested.

J. C. RILEY.

ENDANGERED PROPERTY BY THOUGHTLESS ACT.

BERKELEY, Aug. 13.--A gang of West Berkeley hoodlums set fire to a large vacant lot covered with grass, at the corner of Ashby and Shattuck avenues, yesterday afternoon. The fire was well under way before the engines arrived and three large houses situated near the lot were threatened. It required the skill of half a dozen firemen to fight the flames and prevent them from destroying valuable property in the vicinity of West Berkeley. Despite the efforts of the firemen there was some damage done to the property next to the vacant lot.

RETURNS FROM EAST.

BERKELEY, Aug. 13.--Professor John Fryer, head of the department of oriental languages at the University of California, returned last evening from Battle Creek, Mich., where he was visiting his relatives and friends.

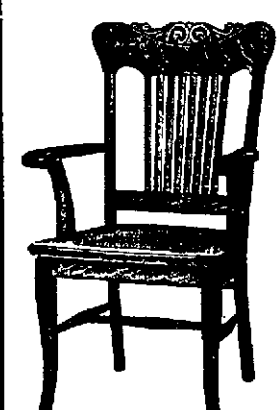

Professor Fryer is preparing a series of interesting lectures on oriental languages to be delivered at the university this year. He is considered one of the most brilliant lecturers in the state university.

A SPARKLING ISSUE.

If ever there was any doubt of the quality of sarsaparilla meted out to those that offend to public office that doubt has been removed by the News Letter of this week. Treachant as a surgeon's knife, each item is clear-cut and to the point. The News Letter is unique and may now be safely called the leading weekly of the Pacific coast. The issue of today is the best in months.

CHAIR Specials

AND THE WAY THEY ARE SELLING TODAY LOOKS AS IF THEY WON'T LAST ALL WEEK, SO DON'T DELAY SEEING THESE CHAIRS FOR THEY ARE SURPRISING VALUES AND A NICE CHAIR GOES A LONG WAY TOWARD FURNISHING THE HOME OR OFFICE. C., to observe the maneuvers at Camp Tacoma, are adopted the government will purchase the land included in the present maneuvers territory. He is quoted as saying these beautiful lakes, splendid climate and admirable grounds form a splendid recommendation for American Lake. There is an abundance of pure drinking water.

"The site is not perfect by a good deal, but it is the most perfect man-

LEAVES FORCE TO MAKE MORE MONEY

BERKELEY, Aug. 13.--Officer Tom Woolley of the police department will submit his resignation to the Town Board of Trustees at their regular meeting tonight. Woolley resigned his position in order to accept a place in the Logan Transfer company. He says that he will make more money and have less work than he had in the police department of Berkeley.

It is likely that the policeman who recently declared his intention of quitting the police force some time ago unless his pay was raised, will submit some kind of a petition tonight to the trustees asking for higher pay and few hours. They held a meeting a few days ago and some plan of action which they refuse to discuss.

The Yellow Fever Germ has recently been discovered. It bears a close resemblance to the malaria germ. To free the system from disease germs the most effective remedy is Dr. King's New Life Pills. These pills cure all diseases due to malaria poison and constipation. Twenty-five cents, at Osgood Bros' drug stores, Seventh and Broadway, and Twelfth and Washington streets.

To Whom It May Concern: I hereby tender my resignation to the so-called Union Labor Party County Central Committee, and certify that anyone using my name in connection with what is called the Osgood Committee do so at their own risk, for this committee never did, and never can represent bonafide trades unionism.
P. J. WHALEN.

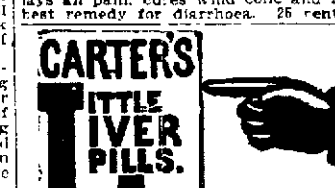

Beautiful Little Kith, McCombs and quaint old jewelry left with me for disposal. If you are interested drop me a line. Collector, Box 2121, Tribune.

TO COLONIZE HOLY LAND

Strange Religious Expedition Expected to Sail Secretly from Boston.

BOSTON, Mass., Aug. 13.--The barkentine Kingston, formerly the Rebecca Crowell, the vessel of the Holy Ghost and United States Society of Shiloh, Maine, which has been at anchor in the outer harbor for the past few days, with a party of members of the society on board, sailed yesterday. The utmost secrecy as to her destination has been maintained, her officers refusing to allow any one to board her or to question her passengers, most of whom including men, women and children were taken aboard at Freeport, Maine. It has been reported that the leader of the society, Frank W. Sandford, intends to found a colony in the Holy Land, but as the vessel has not taken out foreign clearance papers, it is presumed that her sailing will be coastwise.

For Over Fifty Years Mrs. Winslow's Sore Throat Syrup has been used for children's teething, it soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. 25 cents.

CARTER'S LITTLE LIVER PILLS.

CURE SICK HEAD

Headache, yet Carter's Little Liver Pills are equally valuable in constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cure.

Acute they would be almost priceless to those who suffer from this distressing complaint, but fortunately their good action does not stop here, and those who once try these will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick headaches, yet Carter's Little Liver Pills are equally valuable in constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cure.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are entirely "pleasant" and do not grip or purge, but by their gentle action please all who use them.

CARTER MEDICAL CO., NEW YORK.
Small Pill, Small Dose, Small Price.
